ASHER GRAHAM

Makes Formal Declaration Regarding His Candidacy For Mayor of The City.

It is with some degree of pleasure that the Ledger this week presents the name of Mr. Asher Graham as a candidate for the office of mayor of the city of Murray, who submits his claims subject to the voters of the city in the August primary election.

Asher Graham is a native of the city and has made this place his home for the greater part of his life and has always been allied with the interests which had for their purpose the advancement and upbuilding of the town and county. He is a progressive citizen and has been associated with the business interests of the city for many years and has been instrumental for the betterment of every condition; morally a clean man, live, energetic and would give to the city in the way of service should he be elected the very best that he knew. He is a popular citizen and has many friends in the town who will support his candidacy with pleasure.

He invites a searching investigation of his life and fitness for the place and will appreciate the support of the people in his present candidacy.

Look to Your Plumbing.

You know what happens in a house in which the plumbing is in a poor condition—everbody in the house is liable to contract typhoid or some other fever. The digestive organs perform the same functions in the human body as the plumbing does for the house, and they should be kept in first class condition all the time. If you have any trouble with your digestion take Chamberlain's Tablets and you are certain to get quick relief. For sale by Dale & Stubblefield.

Notice.

The J. N. Williams Chapter U. D. C. of Murray, Ky., are planning to erect a monument to the old Confederate soldiers of Calloway county, in the form of a drinking fountain. This fountain will be placed in the court square and will be beautiful as well as useful to man and beast.

The chapter earnestly solicits your aid and feels sure that you will be glad to send a donation if you ever lived here, and of course all citizens of the place will be glad to contribute.

Please send or give your contribution now to any of the committees. Sincerely,

Mrs. Chas. Smith, President. Monument committee: Mrs. W. P. Gaskin, Chairman, Mrs. Ed. Owen, Mrs. W. S. Swan, Misses Editha Ours, Fannie Kirkland, May Marshall, Willie B. Baker.

Are You Constipated?

If so, get a box of Dr. King's New Life Pills, take them regularly and your trouble will quickly disappear. They will stimulate the liver, improve your digestion and rid of all the poisons from your system. They will surely make you well again. See at Dale & Stubblefield.

Announces For Magistrate.

Mr. C. E. Hatcher, the well known businessman and business man of Murray, and possibly one of the best known men of his section of the county, and who numbers his friends by the score, is an announced candidate for

magistrate from the Wadesboro district, embracing the Almo and Jackson voting precincts. Charles Hatcher is well equipped from a business standpoint to make the county a splendid official and should be elected we are of the opinion that he would serve his people in a manner that would bring credit to himself and satisfaction to the people. He has served the public in different official capacities and always won the admiration of the public. For the past several years he has been engaged in the live stock business and has daily come in contact with many of the people of the county, and has conducted his business transactions in such a manner as to make and keep friends. He will be a strong factor in the race and enters the contest with the support of a large following.

Best For Skin Diseases.

Nearly every skin disease yields quickly and permanently to Bucklen's Arnica Salve, and nothing is better for burns or bruises. Soothes and heals. John Deye, of Caldwell, Mich., says, after suffering twelve years with skin ailment and spending \$400 in doctor's bills, Bucklen's Arnica Salve cured him. It will help you. Only 25c. Recommended by Dale & Stubblefield.

Dr. Sam Yongue Leaves.

After selling his home some few weeks ago and adjusting a number of business matters, and placing all of his property in the hands of Attorney E. N. Holland for final adjustment, Dr. Sam Yongue left here last Sunday night for parts unknown. His family is in Benton with Mrs. Yongue's parents.

Dr. Yongue was guardian for his infant son and a brother-in-law, of Ohio, Tenn., was surety on his bond and the county judge had requested him to execute additional surety and of legal nature. It is believed that the possibility that he might have some difficulty in executing such a large bond embarrassed him, and rather than meet such a condition he would leave Murray. He leaves a very small indebtedness and after settlement is made and the property left by him is sold there is no doubt that a neat sum will remain to his credit.

His many friends here regret that he choose to leave Murray and would be glad to see all his matters properly adjusted and that he will return here to stay.

To the voters of Calloway county, I am still in the race for assessor, but not on the road just now. I have to put my horse to the plow for a while. I will try to see you all before the primary. If I do not don't feel slighted. I solicit your vote and influence. Ask my friends about me. A fair deal is all I ask. I will not try to prepare newspapers or articles as I am not able. But do not want to ask whether that is not right, but I will say to you, I am not. Thanking you for your chance I am yours truly, C. E. Hatcher.

FOR CITY JUDGE

W. F. Peterson is Making Vigorous Campaign For This Important Position.

Judge W. F. Peterson is asking the people of Murray to name him as their police judge for the next four years and instructs the Ledger to place his name in the announcement column of this paper to that effect, and will submit his claims subject to the action of the voters as will be expressed in the August state primary election. Mr. Peterson has been actively prosecuting his candidacy for several weeks and states that he has met with splendid encouragement. Judge Peterson has served his city in this capacity before and is acquainted with every duty incumbent upon the office. He has also served his country in other official capacities and in a manner creditable to himself. He is splendidly qualified for the place, possesses the legal knowledge and requires no recommendation to fill the office in an acceptable manner, fitted with every ability to discharge every duty that might be imposed upon him, and it is not disputed that he would make a splendid judge. A strong advocate of law enforcement, progressive, conservative, qualified and will appreciate a comparison of qualifications and invites a search of his record. He asks the people for their vote for this office.

Straight at It.

There is no use of our beating around the bush. We might as well out with it first as last. We want you to try Chamberlain's Cough Remedy the next time you have a cough or cold. There is no reason so far as we can see why you should not do so. This preparation by its remarkable cures has gained a world wide reputation, and people everywhere speak of it in the highest terms of praise. It is for sale by Dale & Stubblefield.

Farmington.

Mrs. Annie Turner, who has been critically ill of spinal meningitis the past two weeks, seems very much improved and there is hopes of her recovery.

Mr. Ed Howard, a prominent farmer of Brown's Grove, died last Friday of a complication of diseases. He had been in bad health for some time, and his death was expected any time. Mr. Howard was a splendid Christian and his presence will be sadly missed, especially at old Antioch church where he has been a member for several years. He leaves a wife and three daughters and a host of relatives and friends to mourn his death. His remains were laid to rest in Antioch cemetery the following Sunday.

Son Cloys is on the sick list.

Mrs. B. L. D. Stephens has been very sick the past week, but is able to be up at this writing.

Clara Rogers has a new son at her home, born last week.

Mr. Will Casey has lagrippe.

Mrs. A. P. Fisk and children, of near Sanderson's store, spent Sunday and Sunday night with relatives.

Mr. M. F. Bridges, who has been sick with rheumatism for some time, is no better.

Hubert Pritchard has a new son at his home, born last week.

Mrs. Mackie Thornton, who made a strong appeal to the jury at a fair and impartial consideration, to thoroughly investigate the then of same at your hands. She has been sick for some time and was buried at night and was buried the following day at Antioch cemetery.

WAS ACCIDENT

Memphis Boy Who Kills Playmate Is Held Blameless by Judge Bacon.

Galen Winn, 11, who shot and fatally wounded Robert Bowden, 10, a playmate, late Friday, was released from the juvenile court Saturday morning at noon, by the order of Judge Bacon. The lad's physical condition, brought on by fright and grief, was a principal cause of the order, following an investigation which failed to show any evidence connecting the youthful slayer's declaration that the shooting, with a 22-caliber automatic rifle, was accidental.

Relatives of the Winn boy are trying to keep from him the fact that the bullet's victim died at the City hospital Saturday morning shortly before 6 o'clock. The boy was hysterical throughout the night. His mother said she would remove the son from the city to give his mind and nervous system an opportunity to recover from the tragedy's reaction. News of the Bowden boy's death will not be broken to him until he is calmer.

Ten boys were playing "Indian" at the Winn boy's home, 476 Walker avenue, during the absence of the other members of the family. The parents of the Bowden lad, 164 Walker avenue, also were away from home.

According to the Winn boy, the weapon belonged to his grandfather, and he and the other lads had taken it from the house to frighten away negro boys who sought to route them from a ball ground in the neighborhood. Young Bowden was lying on the front porch of the Winn boy's home when the latter leveled the weapon and it was discharged.

The bullet entered the neck at the front, passed through the throat and lodged in the right shoulder. A woman living in the neighborhood heard the wounded lad's scream of pain and ran to pick him up. The Winn boy said sobbingly that he didn't even know the gun was cocked.

Dr. C. E. Duvall, was hurriedly summoned, removed the lad to the hospital, where examination of the wound proved that it was fatal, and life was prolonged only by artificial breathing. The Winn boy's mother said Saturday that before young Bowden's death he had told his parents, Mr. and Mrs. R. C. Bowden, that his playmate had not intended to hurt him.

"I am grieved more than I can say," she said, in the offices of Albert Benham, attorney, whose services she retained in behalf of her son. "The two boys were inseparable and very fond of each other. I would gladly change places, if possible, with the other mother. My heart goes out to her." Memphis News-Scimitar.

Galen Winn is a son of Mrs. Lucy B. Hartzell, who is a daughter of Mr. Lucian Curd, southeast of Murray, and has many friends and relatives in Calloway who will be grieved to learn of the sad misfortune.

April Circuit Court in Session.

The regular April term of the Calloway Circuit Court was convened here Monday morning by Judge Hanbery. The grand jury was empaneled and charged its duty in the county, earnestly asking the jury to be fair and impartial in their verdict. The court adjourned at 1 o'clock. Hundreds of pistol

shots have been fired and thousands of large fire crackers exploded, both property and life endangered by the conduct, and Judge Hanbery's appeal to the jury to leave nothing undone was well received by the large crowd at the opening of the court.

But few cases of importance have been docketed for this term and while the business of the court is being promptly dispatched only slight interest is being manifested in the proceedings. The grand jury will finish its labors this week and will adjourn Saturday.

Elects New Officers.

R. T. Wells was elected president and W. H. Finney secretary of the Commercial Club at the meeting held Monday night of this week. Both are well known citizens and progressive, wide-awake and will devote every energy to keep alive the club and the interests of the city.

Cough Medicine for Children.

Too much care cannot be used in selecting a cough medicine for children. It should be pleasant to take, contain no harmful substance and be most effective. Chamberlain's cough remedy meets these requirements and is a favorite with the mothers of young children everywhere. For sale by Dale & Stubblefield.

The New Tariff Bill.

In this issue of the Ledger our readers will find a summary of the new Tariff Bill being considered by Congress, now in special session. This summary gives in condensed form all of the important changes which its adoption will bring about.

The Ledger is able to furnish this bill to its readers through our special news service, supplied by the Greatest Newspaper Service organization in this country.

Everybody, whether he be farmer, merchant, mechanic, manufacturer, or whatever his calling, is intensely interested.

The readers of the Ledger can always rely on finding the best of everything in it.

BARS AUTO HORNS

French Judge Says Law Requires Single Note, Grave, Even Sinister.

Paris, April 16.—The music of automobile horns which threatened to fill the main streets of Paris with snatches of popular or classical airs instead of the usual "honk, honk" have come to a quick finish in France.

A test case was brought against two motorists of Douai, who on the night trumpet the leitmotif of "Die Walkure," and it has been decided that these instruments are illegal here. The decision brought out a judicial definition of the word "horn," which had hitherto been widely interpreted.

"The latter," said the Judge, "must be for the purpose of sounding an alarm and be used to warn the public, not to amuse it. It must give forth a single note which should be grave, even sinister, in order to call attention to the impending danger." "The new fanfare horns," added the Judge, "lack seriousness, and are therefore outside of the meaning of the act."

Notice.

The undersigned land owners and citizens of Calloway county, Kentucky, respectfully petition the Calloway county court for a change in the road in the Murray and New Concord road, beginning near the top of a hill about 280 yards north-west of Salem church house, thence nearly west on the land of Henry Harris 360 yards, thence north-west on the land of H. L. Balance, 80 yards, thence north-west on the land of Lee Hutcheson, 80 yards, where it intersects the present way at the bottom of a hill. The change should be allowed for the convenience of traveling to and from the town of Murray, the county seat of said county, and the width of the new way should be 24 feet. Notice that this application would be made in open court on the 28th day of April, 1913, was given by posting written advertisements in five of the most public places in the district in which said road is located. A copy of said notice has been otherwise published as the law requires. Signed:

W. D. McKeel, C. M. Witherspoon, P. A. Houston, S. A. Purdum, R. M. Witherspoon, C. G. Cunningham, D. P. Farris, J. L. Ballance, Robt. Swann, J. C. Outland, L. D. Curd, H. Farris, Rudy Smith, B. S. Overby.

Sheep-Killing Degr.

A special from Frankfort last Tuesday stated that after paying all claims for sheep killed by dogs, the auditor's department will pay into the school fund from the 1912 dog tax \$45,700, just half the amount turned over last year. The sheep claims amounted to \$52,498. Sheep claims are paid out of the money collected in that particular county only. In 32 counties the amount collected on the dog tax was exhausted paying losses, and those counties will get no money of the school fund created in other counties by the dog tax.

Why not come to the big sale and draw for the free lot and see in real, as it is absolutely true. All that is required of you is to be on the grounds and be waited.

HOW CHRONIC COUGHS

Are Being Cured by Vinol.

Did you ever cough for a month? Then you think how distressing it must be to have a cough lasting for three months.

Mrs. Marga Thompson, of St. Newell, Wyo., writes: "I had a very heavy cold which settled into a chronic cough, which kept me awake nights for fully three months, and felt tired all the time because my rest was broken so much. The effect of taking Vinol was most remarkable. I can now get a good night's rest and I feel much stronger in every way."

It is the combined action of the medicinal elements, cod liver oil, and the strengthening properties of Vinol which makes Vinol so efficient in curing chronic coughs, colds and bronchitis.

At the same time, Vinol builds up the weakened, run-down system.

Try a bottle of Vinol. You will be satisfied that it will save you from a long, painful, and expensive illness.

THE BEST PROOF

Murray Citizens Cannot Doubt It

Doan's Kidney Pills were used. They brought benefit. The story was told to Murray residents.

Time has strengthened the evidence. Has proven the result lasting. The testimony is from this locality.

The proof convincing. Miss Cora Graham, 1301 Jefferson St., Paducah, Ky., says: Doan's Kidney Pills were indeed effective in my case. I had suffered intensely for a long time with my back and sides and although I tried everything I could think of, nothing did me any good. I had heard several people say that Doan's Kidney Pills were excellent for what ailed me, so I decided to give the remedy a trial. I am glad I did so for the relief was speedy and gratifying. I have no hesitation in saying that Doan's Kidney Pills are the best kidney medicine I ever used." (Statement given Feb. 7, 1908.)

RE-ENDOREMENT. When Miss Graham was interviewed on January 30, 1912, she said: I have had no occasion to use Doan's Kidney Pills or any other kidney remedy since they cured me some years ago. I am at liberty to use my statement as heretofore."

MASTIC PAINT

A Lesson in Real Economy

Take two houses - both alike - spend about \$50 to MASTIC PAINT one - Let the other go unpainted.

Offer them both for sale. You'll wonder why the unpainted house finds no buyer at even \$500 less than the MASTIC-PAINTED house will bring.

At the beginning both houses represented equal value. The Lesson: A few gallons of MASTIC PAINT properly applied at the right time greatly increases the value of your property.

Your building needs painting Right Now, but don't use cheap lead or hand-mixed paints. It may be cheaper at the start, but is costly and unsatisfactory in the end.

NEW INCOME TAX STARTS AT \$4,000.

Elaborate Provision for Graduated Payment System in New Tariff Bill.

Washington, D. C.—Included in the Democratic tariff revision bill is an income tax section, which would require that anyone in the United States who earns more than \$4,000 a year to pay a tax of 1 per cent, on his earnings in excess of the exemption. This would not compel the man, who earns only \$10,000 a year, to pay a tax, but it does demand that one who earned \$4,100, for example, pay into the government treasury an annual tax of 1 per cent on \$100, or \$1.

The bill also would provide higher rates of taxation for persons with larger incomes, adding a surtax of 1 per cent additional on earnings in excess of \$20,000, 2 per cent additional on earnings in excess of \$50,000, and 3 per cent additional on earnings in excess of \$100,000.

How Surtax Would Be Imposed.

Under the surtax provision the man who earns \$20,000 would pay to the government each year at the rate of 1 per cent on the first \$10,000, namely \$100. If he earns \$30,000, he would pay 1 per cent on \$10,000, and 2 per cent on \$10,000, making his annual tax \$300. The person with a \$50,000 income would pay \$100 each on \$10,000, 2 per cent on \$10,000, and 3 per cent on \$30,000, which would make his total tax \$750. The total income tax to \$2,250. Anyone with a net income of a million would pay this \$2,250 on his first \$100,000 and in addition he would pay 3 per cent on the remaining \$900,000, his total tax to \$38,250.

This bill also would mean that the present corporation tax law, imposing 1 per cent tax on the earnings of corporations, since companies, insurance companies and the like, would exempt partnerships. This is flat tax, there being no graduated scale as the earnings increase. The corporation tax act, concerning obnoxious companies, would be the basis of making returns and the time for collection.

The bill includes under its provisions "all incomes and earnings in this country or outside the world."

May Bring In \$100,000,000.

It is estimated by members of the Finance and Commerce committee that approximately \$100,000,000 in revenue may be derived from the new tax, including the corporation tax that would mean paying up for the deficits in

The bill excludes the compensation of the president of the United States during his term of office, the Chief Justice of the Supreme and inferior courts of the United States, and compensation of all officers and employees of a state or any political subdivision thereof.

System of Collection Framed.

It is the purpose of the collection of the tax at its source, require all persons, firms, partnerships, companies, corporations, joint stock companies, associations or insurance companies, and all trustees, executors, administrators, and agents, and officers and employees of the United States having the control or disposal of salaries, wages, interest and other profits and income of another person or persons, to withhold and remit to the Internal Revenue the proper portion

income-tax due from such person. All corporations, partnerships or firms are made personally liable for the tax.

Persons or corporations liable to make returns on incomes who fail to do so at a specified time, are made liable to a fine not exceeding \$500 and to imprisonment not exceeding 60 days. The fine is fixed at \$1,000 or imprisonment not exceeding one year, or both, in formulating this additional income tax," said Chairman Underwood in explaining the bill.

The bill is not intended to be a device to procure not only a source of revenue, but also a means of redressing in some measure the unequal tax burdens which result from the practice of basing the federal income on the net income after deduction of the due duties. This is a system of taxation which inevitably throws the burden of supporting the government upon the shoulders of the consumers.

The bill exempts from the payment of larger incomes, whose consumption of the ordinary necessities of life is subject to tariff taxation in a far less aggregate degree than is that of small or moderate earners, who expend the greater portion of their income for the ordinary necessities of life.

Underwood Defends Plan.

Speaking of the principle of taxation laid down and the graduated system proposed, Mr. Underwood declared:

"The progressive principle already has been sustained by the Supreme court of the United States in the inheritance tax cases and there can be no doubt that the same principle applies to the income tax. I am confident this bill and will be fully upheld should it ever be called into question, except to defects in personal property taxation, the larger incomes in the United States are taxed at a lower rate than the smaller incomes. However, when, able to escape with less than their share of the general burden of taxation, and this inequity will be, it is believed, in part overcome by the plan proposed."

The bill provides that all taxable persons shall be notified of the amount or which they are liable under the law on or before the 1st day of June of each year and assessments must be made on or before the 1st day of June in making payments and ten days after notice, there shall be added the sum of five per cent of the amount of tax unpaid and interest at the rate of six per cent a month from the time the tax falls due.

The corporation tax provision, it is directed, shall be computed upon incomes for the year ending December 31, 1918, and for each calendar year thereafter, the income of the corporation that corporations may designate the last day of any month as the day of the closing of the fiscal year and may have the tax computed on the basis of the net income on that date.

All labor, agricultural, horticultural, industrial, fraternal, religious and mutual benefit societies are made exempt from the tax.

WHAT IS NEEDED FOR INTELLI-
GENT TARIFF REVISION.

The National Chamber of Commerce made a pronouncement on the subject of the tariff. A business body naturally concerned itself with a business topic. What is called a tariff commission—a tribunal to report to congress—was favored, and the constituent bodies of the national body are asked for expressions on the subject.

matter may be canvassed more clearly this time than several years ago, when at a national convention of American taxpayers in 1913, the late Mr. William F. Buckley, Jr. proposed that tariff making be taken out of the hands of congress and given into those of a commission of experts. Congress, it was solemnly declared, had no knowledge essential to scheduled making, and should surrender that function to a tribunal of business men in every way competent to deal with it. I am not the authors of that deliberate error, and I am sure that they did not know that congress could not, if it would, and would not if it could, divert itself of the taxing power, which is the greatest power it exercises, and which is the source of its power of life and death in the business world, and for that reason was

invested by the constitution in congress, the body chosen by the people to represent the people, producers and consumers.

For better or for worse, therefore, tariff-making is with congress, and must remain with congress. If more power is necessary to carry out the improved execution of the tariff, the body, let it be provided. But the power to act, either with light or in darkness, will still be with congress.

And so a better remedy than a tariff commission is a tariff committee of men in congress. Let more men of business light and leading be invested with power, not to gather statistics, and compile them and comment on them, but to report on them, and to legislate on statistics. Information sufficient to construct a tariff bill is abundant, and may be easily gathered.

The Underwood tariff revision not on the stocks will be appreciable when it takes the water, not on the score of whether the builders had timber enough; but what selection was made of the timber at hand. If this ship sinks it will be for something of the same reason that carried the Gorman-Watson ship to the bottom nearly twenty years ago—a job botched in an effort to hide or excuse the use of protection after that material had been condemned as unfit for shipbuilding.

Mr. Burleson Starts Well.
Postmaster General Burleson has started the management of his department with the proper measurement of merit and politics, which was promised for the whole Wilson administration.

His first appointment was of Merritt O. Chouteau, a Republican, to be chief clerk of the postoffice department.

Mr. Burton did not permit politics to overshadow Mr. Chance's merit. Mr. Burton recognized in Mr. Chance a man who, by native ability and industry and by twenty-five years of useful and varied experience in the postoffice department and in the president's commission on efficiency and economy, is qualified to serve a Democratic or a Republican administration with equally effective competence.

High Tariff "Democrats."
 "It can be confidently predicted that the representatives of the Louisiana sugar industry, as well as the senators and representatives of this state, will do all in their power to prevent free sugar, and to limit the reduction in the tariff, if such becomes inevitable, to the smallest possible proportions."

Thus the New Orleans Picayune, which also denounces proposals to cut down the tariff on lumber and on rice. Yet the Picayune calls itself a Democratic newspaper.

Selfishness of this sort wrecked Democracy once before, when Arthur Pue Gorman turned the tariff bill into a sham and overwhelmed the Democratic party with perfidy and dishonor."—Chicago Journal.

Must Take Plain Stand.
Papers and congressmen wishing to maintain the exactions of the present tariff should come out in the open. They should support Taft, Aldrich, Dillzell, Cannon and Payne. They should ally themselves with the Republican old guard. (Chicago Journal)

Hunt for Diplomats.
President Wilson seems to be planning to appeal the question of paying diplomatic service to the court of public opinion. The proposition he virtually puts up to the people of the United States is this: The men who ought to be in the important foreign posts haven't the private means to stand the expense and the government does not stand it for them. There are men then who can stand the expense, but compared with those others, they ought not to be in the posts.

Like Magic after taking Lydia
E. Pinkham's Vegetable
Compound.

North Banger, N. Y. — "As I have used Lydia E. Pinkham's Vegetable Compound with great benefit I feel it my duty to write and tell you about it. I was ailing from female weakness and had headaches and backache nearly all the time. I was later every month than I should have been and to sick that I had to go to bed."
— Lydia E. Pinkham's Vegetable Compound has made me well and those troubles have disappeared like magic. I have recommended the Compound to many women who have used it successfully."
— Mrs. JAMES J. STACY, R.F.D. No. 3, North Banger, N. Y.

Another made well.
Ann Arbor, Mich.—"Lydia E. Pinkham's Vegetable Compound has done wonders for me. For years I suffered terribly with hemorrhages and had pains so intense that sometimes I would faint away. I had female weakness so bad that I had to doctor all the time and never found relief until I took your remedies to please my husband. I recommend your wonderful medicine to all sufferers as I think it is a blessing for all women."—Mrs. L. E. WYCKOFF, 112 S. Ashley St., Ann Arbor, Mich.

There need be no doubt about the ability of this grand old remedy, made from the roots and herbs of our fields, to remedy woman's diseases. We possess volumes of proof of this fact, enough to convince the most skeptical. Why don't you try it?

You Will Need Extra Power

WHEN you buy a new engine, get it big
enough to do more than your present
work. It can't do it. It can't do it.
Last a long time. Your farm work is
bound to increase in volume. Very
likely you can save yourself the trouble of
another engine by getting an IHC engine
that you need now. When you get an IHC
engine you will find it powerful enough to
handle all your work, easily
while running at the correct speed. Get
your engine big enough
and buy an IHC.

IHC Oil and Gas Engine

You can use it to run any farm machine—
pump, saw, feed grinder, cream separator,
windstone and on up to a husker and shredder
or threshing machine. On the size of the en-
gine you buy. The power is so economical, so
steady and dependable that IHC engines are
in daily use in printing offices, hardware, bak-
eries, machine shops, mills and factories.
An IHC oil and gas engine will deliver 10
to 30 per cent above its rated horse power.
All parts are carefully, accurately ground and
perfectly balanced. Combustion is perfect
and the maximum power is secured.
Sizes—1 to 50-horse power. Styles—sta-
tionary, portable, skidded, vertical, horizontal,
tank-cooled, hopper-cooled, air-cooled. Fuels—
gas, gasoline, naphtha, kerosene, distillate
or alcohol. Oil tractors, 12 to 60-horse power,
for plowing, threshing, etc. Our nearest office
will gladly send catalogues and any informa-
tion desired.

HA
COLDWA

Coldwater Land Bargains

COLDWATER is located near the Graves and Calloway county line, on the Mayfield and Muray road. Old Coldwater is, and has been for many years the business center for this section, having good stores, mill, shop, churches, and one of the best graded schools of the county. Our citizens in and around Coldwater are of the best that the county affords, and are always glad to extend a hearty welcome to any desiring to cast their lot among them.

Following Are Some of Our Bargains—LOOK THEM OVER:

No. 1. 23 acres, 1 mile north of Coldwater, on the Coldwater and Backusburg road, 15 acres of open land, 8 acres of timber. This is ridge land with some small branch bottom. Price \$525.

No. 2. 40 acres, 1 mile north-west of Coldwater, in the Coldwater school district, 35 acres of open land, 5 acres of timber, 70 fruit trees, new 3 room house, stable, barn, well and cistern; all fenced and everything in good repair. Price \$900. This is well worth the money.

No. 3. 40 acres, 1 mile north of Coldwater, in the Coldwater school district, 35 acres of open land, 10 acres of timber, 10 nice young fruit trees, good 2-room house, tobacco barn, stable, good cistern and pond; all under fence and in good shape and good place for the money. Price \$1,250.

No. 4. 43 acres, 1 mile north of Coldwater, on Coldwater and Backusburg road, 25 acres of open land, 18 acres of timber; all ridge land. 75 fruit trees, 3-room house, open land under fence. This place has another settlement, 2 room house, cistern and stables. All for \$1,575.

No. 5. 73 acres, 1 mile southwest of Coldwater in the Coldwater school district, 55 acres open land, 18 acres of timber, fine young orchard of 80 trees just beginning to bear; good 5-room house, 5 tobacco barns, good 6-stall stable, cistern and pond; all under wire fence, and everything in first-class repair. This is all ridge land and a good part of the open land is fresh and as good tobacco land as there is in the county. This place is a bargain at \$525 per acre.

No. 6. 40 acres, 2 miles northeast of Coldwater, 1 mile from school, 1 mile to church; 22 acres open part-fresh land, 18 acres of good timber; 3-room house, two tobacco barns and fair stables, good cistern and pond; under wire fence. This is all ridge land and some of it is washed a little but it is a bargain. It goes for \$750 if taken by August 1st. If you want a small, cheap farm it will pay you to look this place up.

No. 7. 12 acres, 1 mile north of Coldwater, on Coldwater and Backusburg road, 10 acres open land, 2 acres woodland; 4-room house, 1 barn, stables, 2 cisterns, pond; all under fence. This is bench land and worth the price asked. Price \$475.

No. 8. 46 acres, 1 mile northeast of Coldwater, 30 acres open land, and in Clark's river bottom, 10 acres of woodland on the ridges, 60 fruit trees, 3-room house, 2 tobacco barns, 2 cribs, 4 stall stable, cistern and pond; all under good fence. Price \$1,850.

No. 9. 20 acres of bench land, 1 mile northeast of Coldwater, 6 acres open fresh land, 14 acres of woodland. All under wire fence price \$735.

No. 10. House and lot of 2 acres in Coldwater, good new 3-room house, cistern pond stables and other outbuildings, good garden and 25 young fruit trees. This lies adjoining 13 acres of land that goes with it all for \$1,200.

No. 11. 28 acres, 1 mile south of Coldwater on good public road, 22 acres of open land, 6 acres woodland, 50 fruit trees, 1 room house, meat house, tobacco barn, 4 stall stable, crib, cistern and under good fence and everything in good repair. This is bench land with some small bottoms. This place is well located and worth the money. Price \$1,400.

No. 12. 19 acres, 11 miles from Coldwater, northeast, in the Coldwater school district, 7 acres open land, 22 acres of woodland, 6 acres in Clark's river bottom the rest up on the ridges, 12 fruit trees, good 5-room house, 3 stall stable, crib, fine well and pond; under good fence. This is a bargain for a man that don't need much land, the improvements are worth more than we are asking for the place. It goes for \$885. You had better see this place if you are looking for a small place.

No. 13. 30 acres, 1 mile north of Coldwater, in the Coldwater school district, 16 acres open fresh land, 14 acres of timber. This place has 6 acres of branch bottom and the rest ridge land all good land; good 2-room house, 5 stall stable, 1 good tobacco barn, cistern and pond; under good fence. This place is certainly a great bargain. Price \$700.

No. 14. House and lot of about 2 acres of land in Coldwater, good big house of 6 rooms and 2 halls, 4 stall stable, crib, good cistern and pond. This place is well located and a bargain. Price \$600.

No. 15. 30 acres, 1 mile northeast of Coldwater, 10 acres open land and 10 acres good timber. This is part bottom and all good land and good timber and well worth the price. Price \$800.

No. 16. 15 acres, 1 mile northeast of Brown's Grove, in the Chunn school district, 10 acres open land, 5 acres woodland, 70 fruit trees, 2-room house, 2 tobacco barns, fair stables, good cistern and pond, all under fence. This is all nice, level bench land and makes the finest of tobacco. Price \$4,785.

No. 17. 23 acres of nice level bench land, right up in Coldwater, all open, nice young orchard of 50 trees just in bearing, good 2-room house with upstairs, good 6 stall stable, cistern and pond, all under fence and cross fenced. Price \$1,000.

COLDWATER, KENTUCKY

HELPS FOR FARMER'S WIFE

Little Experiments by Which Work Around the House Can Be Made Easy.

Now this should be set over the fire, with boiling water in them, for several hours before food is put into them.

Mix stove polish with turpentine. This, they say, will prevent rust, and the polish is blacker, more glossy and durable than if mixed with any other liquid. The odor soon passes off.

Clothes should never be shut up in a closet or wardrobe directly after they have been worn. Let clothing be hung over a chair for a half hour or such a matter before it is put away. Clothes can be kept fresh and odorless if treated in the above manner.

To make soap jelly always use a white soap that contains no rosin. Cut it finely and pour upon it boiling water and set on the back of the stove until the mixture is well dissolved. It should be freshly made just before washing day. A good proportion is a quart of a pound of soap to one quart of water.

Old pieces of velvet make excellent pot-holders and can be used instead of chambray skin. When soiled wash in soapy water and dry without rinsing.

Handy Tools in the Home

Simple Implements That Will Be Found Useful in Great Variety of Ways.

A tack in time is sometimes as necessary as the proverbial stitch. Tools are necessary to make the small repairs about the house, and a box of them should be ever ready at the housekeeper's hand.

A hammer, gimlet, small hand saw, screw driver, and pliers are usually sufficient.

Other tools may be added as required. Tacks, nails and screws of assorted sizes should have a place in the box. Sandpaper, a tube of furniture glue and a can of oil will also be needed.

A large pair of shears will be found useful in many cases. With these tools at hand a woman may attempt some simple upholstering.

Chairs and sofas that have become shabby may be recovered with fresh cretonne.

With a little practice satisfactory work may be accomplished. Pretty materials for upholstering may be purchased for a small sum.

Boiled Rice, Southern Method.

Take a cupful of well washed rice and mix it with double the quantity of cold water; add salt to taste and let the rice boil fast for twenty minutes. When the liquid will have disappeared. Then set the vessel, tightly covered, on the back of the stove for the rice to "soak" or finish the cooking with the steam. Care must be taken to protect the pot from too much heat, as rice cooked in this manner will soon burn. Together with the first boiling it takes about 10 minutes, or an hour, to cook rice in this way. It must never be stirred, and it makes a soapy mess; but many good cooks often turn the edges up with a fork so as to let the steam out when the rice is nearly done. Any rich gravy or butter is a proper accompaniment, but it goes splendidly with curried chicken.

Molded Rice With Dates.

Stir one pint of rice in a pan with one cupful of sugar. Add a teaspoonful of vanilla and two tablespoonfuls sherry, cover and set aside until cold. In the meantime wash thoroughly a cupful of rice, drain and drop in a little of boiling salt water, and boil hard for five minutes. Drain and turn the rice into a double boiler, add a pint of milk, cover and cook until tender and dry, adding more milk if necessary. When done add a teaspoonful of vanilla and one tablespoonful of sugar and pack the rice in a mold. When cold turn it out on a platter, baste well with the sherry and arrange the dates over and around it. Serve plain or with cream.

For the Tea Table.

Oriental sweetmeats are very popular for the tea table. Among the good favorites are candied "chips" of oranges, dates, pineapples and other fruits, preserved by foreign processes and stuffed with nut mixtures. Turkish paste and East Indian articles of art, made by hand, are also popular. They are easily made at home by taking whole pieces of preserved ginger and inserting there in the heart of Sun-dried dates, which have been soaked. Drain the date together and set in powdered sugar.

Cake Lilies.

Two eggs, one cup sugar, six tablespoonfuls milk, two tablespoonfuls cream tartar, one pinch salt, one teaspoon baking soda. Beat well. Bake in two cups. Sprinkle with sugar. When done, take from tin, fold white hot using toothpick to keep in place. Still with whipped cream when ready to serve.

A Salmon Delicacy.

Cod, sea bream, three eggs beaten lightly, two tablespoonfuls milk, one half cup fried bread crumbs, one tablespoon cornstarch. Chop fish fine, beat in bowl with silver spoon, add pepper and salt to taste. Put in butter, oil and steam one and one half hours.

BREED to the BEST

DeWOODS 51527

Sired by Red Medium 2:24, sire of L. Maud 2:07, Len Medium 2:08, Alcyn 2:11, Esche M., 2:12, Medium 2:12, Medium Line 2:10, Freely Red 2:10, Moving 2:10, Red and Black 2:10, High Medium 2:10, Glendor 2:11, Floy Medium trial 2:09, Artliss trial 2:08, Jack Vassar trial 2:09, Novecia Red 2:09, Kingdell 2:08 and 42 others in the list making him the sire of speed of any living horse at 13 years of age. When we remember that Red Medium is such a young horse and never been situated so that he has had many good mares in his early work in the stud, all the more wonderful. He is a grandson of the great George and Happy Medium, both sons of the sire of harness speed Hambletonium 10.

DAM: Miss Glendora Woods, dam of Glendor 2:14, DeWOODS, and half brother to Red Timoka 2:27, one of the greatest show stallions in the north. Miss Glendora Woods is by Alsymont, sire of William 2:05. She out of Timoka dam of Red Timoka 2:27, Nutwood 2:22 and grand dam of Glendor 2:11, by Nutwood 2:18. 3rd Dam Argentyle, by Caylor 100. 4th Dam Tilla, by Norman 25. 5th Dam Verina, by Star Davis, Jr. 6th Dam Steel's Crusader. 7th Dam by Impt. Sappelson. 8th Dam Bertrand. 9th Dam by Cupbearer.

This combines one of the strongest blood lines ever seen in any trotter. Here you have Happy Medium, George Wilkes, Red Wilkes, RED MEDIUM, Alsymont, Alcyn, Nutwood and Hambletonium seven times. What could be better? and where could one find a greater bred one? DeWOODS is only four years old and one of the best formed horses that man ever looked upon; having good size, good action and good manners. He is a blood bay with black mane and tail, long rangy neck, good intelligent face and head, and one of the best set of legs that ever held up a horse. He won the blue ribbon in his class at the Henry County Fair, Paris, Tenn., and Calloway County Fair at Murray, Ky., and has never lost the blue.

Red Medium is also the sire of Dorsh Medium, 2:06, and grandsire of the great mare, Cheeny.

On account of his age, we will give him only a short season in the stud, but will be taken out and put on the track where he is expected to make a sensational race horse. While he is a trotting bred horse, yet he goes all the gaits making him very desirable for those who like a double gaited horse. This will likely be the last opportunity to get a colt from such a horse as this is a very low season. Fee \$20.00.

TALMEGE

Sired by Braden Gentry 0696 A. T. R., son of the world's champion John R. Gentry 2:00, who held 10 world records at one time and winner of the world's champion at Madison Square at New York for the best form horse.

DAM KATE BRADEN, dam of Hal Braden 2:07, Brown Braden 2:13, Flying Gentry (3) 2:20, Braden Gentry (3) 2:22 (1), Hal Brown (2) 2:25, Braden Girl (dam of Nell Gentry 2:09). Kate Braden is the greatest brood mare ever bred in Tennessee, having produced more than any other mare.

Dam Fancy Onward by Baricade on Onward 1411 by George Wilkes. Talmage is one of the best young stallions ever offered to the breeders of West Tennessee. He is a beautiful golden Chestnut with black mane and tail and when developed will make a horse nearly 15-3 and weigh 1100 pounds. While he goes all the gaits with all the ease of a pure Kentucky 5-gaited saddle, his fast gait is a pace, which he goes with all the ease of his most pronounced grand sire, and with a little training will be very fast. Here in TALMEGE you will find all the great bloods of the very best race horses the world has ever known, and those desiring something extra good, and yet at a price within reach of all, can find it in this horse. Fee \$10.00.

The above named horses will be in Hazel, Ky., every Wednesday and remain over night.

Price of Damnation.

Judge Hiram C. Black of West Liberty said the other day, speaking of the notorious disfranchised vote sellers of his native Ohio:

"Some of these men, I understand, even claimed they did not know it was wrong to sell one's vote. They were worse than the voters of Cashel."

"All the voters of Cashel used to sell their votes, and a reform candidate once got the preachers of the town to preach against the sin of such scandalous conduct."

"The day after the sermon the reform candidate said to a party leader:

"Well, how will the election go?"

"It will be close and difficult and expensive, sir," was the reply.

"What do you mean?" said the candidate.

"Well," said the party leader, "the boys didn't understand that vote selling was a sin before and they thought let their votes go at two dollars apiece; but now they know eternal perdition is awaiting them, I understand that every man back of them has put up his price for four dollars."—Rehearsal, Sunday Herald.

GRADEN GENTRY, JR.

OFFERS GREAT OPPORTUNITIES FOR ANYONE WHO WISHES TO
EARN while he LEARNS

POSSIBILITIES

You should "EARN while you LEARN", if you so desire. This being accomplished by taking our courses by Correspondence. Any one willing to make the sacrifice of EASE and LEISURE to qualify themselves for the opportunities which abound in the business and professional world are enabled to do so by enrolling in our School for a Correspondence Course, and pursue this course while engaged in business. Our Home-Study Department is conducted by capable, experienced, pains-taking teachers, each a specialist in his department.

We have been able to assist and place hundreds of our students in honorable and lucrative positions. Our difficulty is not in finding places for our graduates, but rather in finding enough young men and women, who are willing to make a little sacrifice of time and money to qualify for some one of the positions which we are called upon to fill in the business and professional lines.

Get Ready For The Place Above You

We give you the following advice: Get ready for the place above you, and the greatest requisite for this advancement is to be fitted for the place when it comes. Many a young person has failed of promotion because he was not fitted for the opening when it came.

Will thorough preparation pay? In all occupations, the lowest rounds of the ladder of success are well occupied, but there is always room at the top. In every large city there are scores of business men and institutions looking for employees who can properly fill positions. Competency and efficiency are always in demand. The avenue by which this efficiency can be attained is right at your door, **Correspondence Training**. The great revolution in business has given rise to this new order of things, things which fit men and women to cope with real life, and that is a practical education. The "Door of Opportunity" is open, now is your time to enter.

FOR SEASON 1913

We Shall Offer For Public Service Five Magnificent and Grandly Bred Stallions and Three Champion Jacks.

1st. SPRAGUE PATCH by the worlds champion Dan Patch, 1:55. Dam Princess Beatrice by Billy Sprague, she is the dam of three with records better than 2:15. Sprague Patch is a splendid individual, standing 16 hands high, weight 1100 lbs. He is a horse of fine disposition, his first crop of colts are coming yearlings this spring, and a finer lot has never been seen in this vicinity, as they are fine individuals with a world of natural speed and are commanding prices as weanlings of \$150 to \$250.

2nd. ALGERIAN Trotter 2:19, trial 2:13 half mile track. By the Bondsman, the sire of Colorado E, the worlds champion three year old trotter 2:04. That Algerian is a race horse and a trotter of very high class is very evident and he is proving himself a sire of the highest class and after the season in the stud he and Sprague Patch will be placed in the hands of a competent trainer to give them very low records.

3rd. BRADEN GENTRY Sired by John R. Gentry 2:00, the former champion pacer and also a great sire. Braden Gentry is a beautiful dapple bay and one of the handsomest horses in the state. He is 16 hands with a wonderful burst of speed and it's no guess as he has already proven himself a great sire.

4th. MASON'S HAMLET A beautiful 5-gaited saddle stallion sired by Artist Joe, who was a great show horse. Mason's Hamlet is a beautiful black with great style and finish. That he is a sire of show horses has been proven as two of his get won at Mayfield fair in 1911.

5th. FAORITE COOK Trotting stallion, a son of the famous Capt. Cook. He is a beautiful Chestnut sorrel 15-3. He is a very handsome horse with a disposition that is unexcelled, he has proven himself a great sire as his colts are exceptional roadsters with great style and finish.

6th. NAPOLEON 743 Champion Jack of the state, he has never been defeated in the show ring winning first at Nashville, Tenn., state fair and at Louisville and he is a sire of blue ribbon winners, his weanling colts sell for \$160 to \$125. We have now at our barn a yearling by him that we have refused to take \$160 for.

7th. PARAGON, JR. The champion Jack at the tri-state fair at Memphis. He has proven himself a great sire as his colts sell for big prices as weanlings.

8th. CARMACK 2211 A 5 year old, sired by an imported jack. As good blood as there is in the United States. He is a very fine big black jack, it would be hard to find his equal anywhere as there is few like him and he has proven himself a great breeder as his colts have topped the market.

We wish to thank our friends and patrons for their liberal patronage for the season of 1912 and we cordially invite continuance for 1913. We are prepared to take care of mares from a distance. Why not breed to the best? We claim for our horses and jacks that they are the best bred in America, and we believe people who spend their money for breeding purposes are entitled to the best their money can buy. We do not claim for our stock more than they are entitled to and we know that breeders make money when they breed to them. It may cost you a few dollars more but the result is worth many times the expenditure. Breed to the best stock available, and we know we have the best blood in Western Kentucky.
